

On average, Curbio's renovations yield a 209% ROI for their clients.

Curbio's pre-sale renovation solution is designed specifically for homeowners who are ready to sell, and you don't pay for the work until settlement. Whether the house sells in six days or six months, the cost is the same.

Since Curbio doesn't get paid until you do, we're all on the same team and share the same goal: getting your house on the market quickly so it can sell for the highest possible price.

From kitchen and bath remodels to HVAC and roofing, mold remediation to landscaping, Curbio handles all the renovations and repairs required to get your home ready for market.

There's no reason to sell your home for less than its true value.

Why Work with Us?

Curbio's pre-sale renovations increase sale price, maximize profit, and minimize stress.

Why Choose Curbio?

Leave the Closing Table with Significantly More Money.

The majority of buyers today are looking for "move-in ready." Homes that are outdated or in need of repair attract low-ball offers and sit on the market for months. Instead of eliminating a huge portion of potential buyers or selling cheap, let Curbio help. Our renovations are designed to appeal to buyers, increase sale price, and maximize net proceeds. You'll invest in the renovations that matter most and make more money on the sale of your home.

Avoid the Stress of a Typical Home Improvement Project.

Curbio's turnkey renovations are easy and painless for sellers. Your Project Manager will oversee the entire renovation, so you won't need to make tedious design choices, order materials, or trek to the hardware store. And, of course, you won't pay a dime until settlement.

Renovate in Weeks, Not Months.

Through its tech-enabled approach, Curbio prepares estimates quickly, finishes projects on time, and provides seamless communication along the way. Plus, Curbio has curated a portfolio of materials that are high-quality and readily available, allowing for shorter project timelines that help you get to market quickly.
